Occupational Therapy Service

Overview

The Occupational Therapy Service is concerned with promoting health and well-being of a senior citizen through occupation. The primary goal of this service is to enable a senior citizen participate in the activities of everyday life. This outcome is achieved by working with a senior citizen and communities to enhance their ability to engage in the occupations they want or need to, else by modifying the environment to better support their occupational engagement.

What you'll get

An Assessment and Evaluation of Health and Basic Skills.

Planning and Implementation of Therapeutic Programmes.

Review of Therapeutic Programmes.
